SUMMARY

Sales strategy and operations leader with 6+ years driving operational excellence, forecasting cadence, and GTM planning across high-growth technology companies and top-tier management consulting. Expert in building operating standards, managing planning cycles, and translating complex data into executive insights that drive cross-functional accountability and revenue growth.

CORE EXPERIENCE

Armor Defense, USA (Remote, Chicago)

Senior Technical Product Manager

May 2025 - Present

- Led migration of cybersecurity technology platform providing secure monitored cloud infrastructure with inheritable compliance used by 400+ clients, established operating standards and reaching 80% adoption within 3 months while retaining 98% of clients
- Managed end-to-end initiative to launch new product offering (container runtime security), analyzing market opportunity and business metrics to unlock customer segment projected to generate \$2M revenue within first year
- Analyzed customer tickets to identify operational inefficiencies, designed and implemented system improvements that reduced engineering overhead by 50%, enabling team to focus on strategic product development

Strategy&, Dubai

Senior Associate

Oct 2022 - Jan 2024

- Led strategic planning and execution for merger of 2 IoT leaders in KSA, designed operating model harmonizing operations and systems across sales teams, leading to 95% employee retention and operational cohesiveness
- Led acquisition target analysis for Telco client, conducting financial modeling and building comp plan models to recommend \$10M+ targets that expanded product portfolio by 30% and entered 2 new segments
- Generated strategic 5-year revenue projections and financial forecasts for Kuwaiti Telco subsidiary, translating complex market data into executive insights for expansion and investment decisions
- Developed and deployed comprehensive governance and reporting systems covering sales performance, pipeline forecasting, and strategic initiative tracking, enhancing transparency and accelerating implementation

Urban Company, Singapore

Strategy and Operations Manager

Jan 2022 - Aug 2022

- Built and led 2-person team driving operational excellence for largest service category, implemented forecasting cadence and performance standards resulting in 25% increase in monthly orders, 15-point NPS rise to 45, and 10% boost in cleaner ratings
- Led strategic initiative to re-launch service category, designed operational frameworks and quota deployment process for pricing, quality and hyperlocal acquisition to achieve target unit economics
- Analyzed customer and provider satisfaction data to increase customer lifetime value, implemented targeted interventions that increased provider earnings by 15% and customer retention by 25%
- Optimized agency partnerships through standardized operating procedures and performance tracking, resulting in 10% cost reduction and 15% improvement in service quality

Accenture, Singapore

Management Consultant

Mar 2018 - Dec 2021

- Designed and implemented B2B marketplace launch strategy including target setting, territory planning, and operational standards across competitor analysis, segmentation, and pricing, generating \$1.2M in sales across Southeast Asian markets within first 3 months
- Created demand forecasting model for global shipping giant to optimize allocation of empty containers across 300+ ports worldwide, improving forecasting efficiency by 1% and generating ~\$4M in annual savings
- Directed team of 4 analysts in comprehensive market analysis, built structured data models and performance tracking systems that drove 20% ROI increase for big tech APAC HQ
- Program-managed \$5M strategic initiative for gaming client, led cross-functional collaboration aligning business requirements with technical solutions across multiple teams and deadlines
