SUMMARY

GTM Strategy and Operations leader with 6+ years driving revenue growth and operational excellence across high-growth technology companies and management consulting. Expert in partnering with business leaders to define strategic initiatives, optimize GTM processes, and scale operational foundations. Proven track record of building trusted cross-functional relationships, operating autonomously as senior IC, and delivering measurable results through data-driven analysis and strategic execution in ambiguous, high-impact environments.

CORE EXPERIENCE

Armor Defense, USA (Remote, Chicago)

Senior Technical Product Manager

May 2025 - Present

- Partnered with GTM leadership to drive migration of cybersecurity platform serving 400+ enterprise clients, implementing structured rollout processes that achieved 80% adoption within 3 months while maintaining 98% client retention
- Led end-to-end strategic initiative to launch container runtime security product targeting new customer segment, conducting market analysis and operational planning that unlocked projected \$2M revenue within first year
- Analyzed customer support data to identify operational bottlenecks across customer journey, implemented systematic improvements that reduced engineering overhead by 50% and optimized resource deployment

Strategy&, Dubai
