SUMMARY

Product and operations leader with 6+ years building 0-to-1 solutions and driving business transformation across North American, Southeast Asian and Middle Eastern markets. Expert in identifying unsolved business problems, designing technical architectures, and shipping products and solutions that drive real outcomes. Proven track record building products from ambiguous customer problems to production systems, with deep technical fluency and executive credibility earned through delivering measurable results at top-tier consulting firms and high-growth technology companies.

CORE EXPERIENCE

Armor Defense, USA (Remote, Chicago)

Senior Technical Product Manager

May 2025 - Present

- Built end-to-end product strategy for cybersecurity platform migration serving 400+ clients, designing technical architecture for secure monitored cloud infrastructure with inheritable compliance, achieving 80% adoption within 3 months while retaining 98% of clients
- Owned 0-to-1 product development for container runtime security offering, conducting deep market analysis and customer discovery to identify unmet needs, shipping solution projected to generate \$2M revenue within first year
- Diagnosed operational inefficiencies through systematic analysis of customer feedback patterns, architected and implemented system improvements that reduced engineering overhead by 50%

Strategy&, Dubai

Senior Associate

Oct 2022 - Jan 2024

- Led strategic planning and technical architecture for merger of 2 IoT leaders in KSA, designing operating model harmonizing systems and processes across organizations, achieving 95% employee retention through stakeholder alignment
- Conducted comprehensive market research and financial modeling for Telco client acquisition strategy, recommending targets valued at \$10M+ that expanded product portfolio by 30% and entered 2 new market segments
- Built governance and reporting systems covering sales performance and strategic initiative tracking, synthesizing complex market data to generate 5-year revenue projections for Kuwaiti Telco subsidiary leadership team

Urban Company, Singapore

Strategy and Operations Manager

Jan 2022 - Aug 2022

- Built and scaled 2-person operations team for largest service category, implementing data-driven optimization framework that drove 25% increase in monthly orders, 15-point NPS rise to 45, and 10% boost in provider ratings to 4.2/5
- Owned strategic initiative to re-launch underperforming service category, designing end-to-end operational frameworks for pricing algorithms, quality systems and hyperlocal customer acquisition to achieve target unit economics
- Analyzed customer and provider satisfaction data to identify improvement opportunities, implementing targeted lifecycle interventions that increased provider earnings 15% and improved customer retention rates 25%

Accenture, Singapore

Management Consultant

Mar 2018 - Dec 2021

- Designed and shipped B2B marketplace from concept to production, conducting comprehensive competitor analysis and target segmentation to build end-to-end launch strategy, generating \$1.2M in sales across Southeast Asian markets within first 3 months
- Built demand forecasting model for global shipping giant to optimize empty container allocation across 300+ ports worldwide, implementing algorithmic approach that improved forecasting efficiency by 1% and generated \$4M in annual savings
- Directed team of 4 analysts conducting market research and advertising optimization analysis, delivering strategic recommendations that drove 20% ROI increase for major tech company's APAC headquarters

AI/TECHNICAL PROJECTS

- SEC EDGAR RAG System: Financial disclosure analysis for public companies — Python, sentence-transformers, Claude Haiku. Custom numpy vectorstore. GitHub: pp-market-intelligence
- Spotify MCP Server: Liked song classifier with 5-tier genre fallback and automatic playlist creation. GitHub: pp-spotify-genre-classifier_playlist-creator
- OpenClaw Job Hunting Pipeline: Intelligent scraping (SEC form D, VC portfolios) 100's of target companies and automation scanning via ATS APIs, DeepSeek scoring, Flask dashboard

EDUCATION AND OTHER EXPERIENCES

National University of Singapore (NUS) | BSc Economics

Jul 2014 - Jan 2018
